dilemma

~ ~ ~ ~ ~

*how can a man
miss the as yet unknown
hint of a future
he longs to be shown*

*no expectations
a safe place to start
yet the cool mind is silenced
by a beat of the heart*

*& in the quiet stillness
how long is an age
to wait or to act
the dilemma to gauge*

*destiny his own
no possession of fate
trusting in love
her timing innate*
